

# COMMUNITY COLLEGE OF DENVER

## Addendum to the 2024-2025 Online and Printed Catalog

This addendum is an integral part of the college's 2024-2025 Academic Catalog; the purpose of this document is to amend current information or include additional information. The information published herein is effective for the 2024-2025 school year. If any of these changes impact a student's ability to graduate, please contact the dean for the area in question.

### Course Additions

---

#### **NUR 2002 | Transition from LPN to Professional Nursing**

Lecture Credit: 2 Lab Credit: .5 Clinical Credit: .5

Facilitates transition of the Licensed Practical Nurse (LPN) to new roles and responsibilities of a professional nurse, the nursing process, critical thinking/clinical judgment, legal and ethical issues in nursing practice, and the nursing care of childbearing families and pediatric clients. The application of knowledge and skills occurs in the laboratory and maternal-child and pediatric clinical settings.

Prerequisite: Admission into LPN-BSN Program

### Course Revisions

---

#### **NUR 2012 | Pharmacology II**

Lecture Credit: 2

Builds on previously introduced pharmacological concepts and applies that learning to pharmacologic therapy to provide safe, quality, evidence-based nursing care to patients with complex healthcare needs. Focuses on safety and quality improvement factors in the administration of medications within a variety of healthcare systems. Advanced dosage calculations included.

Prerequisite: Acceptance into the LPN to BSN program

#### **NUR 3001 | Integration into Baccalaureate Nursing Practice**

Lecture Credit: 3

Explores professional nursing practice at the baccalaureate level. The course focuses on knowledge and understanding of the professional nursing standards and the nursing role at a baccalaureate level.

Prerequisite: Acceptance into the LPN to BSN program

#### **NUR 4009 | Leadership in the Nursing Profession**

Lecture Credit: 3.5

Focuses on the role of the professional nurse as a leader within healthcare. The course integrates concepts needed to assume leadership and management positions in the healthcare environment.

Prerequisite: Completion of all 2000 level nursing coursework in the LPN-BSN program

#### **NUR 4010 | Community Health Nursing/Practicum**

Lecture Credit: 5 Practicum Credit: 1

Focuses on the role of the professional nurse in community-based practice settings, with an emphasis placed on health promotion, prevention, and optimal wellness of the community.

Prerequisite: Acceptance into the LPN to BSN program

### Program Additions

---

#### **Associate of Science Health Sciences Tracks**

Students pursuing a CCD Selective Admission Health Sciences program begin their studies by completing a set of pre-requisite courses. The Associate of Sciences Health Sciences tracks ensure students complete the required pre-requisite courses before applying, streamlining their transition into specialized areas of study. These programs all meet the requirements for the General Associate of Science degree, students can either complete this general degree or convert to the CCD selective-admission Health Science program of their choice, once admitted. Students should choose the track that corresponds to the Health Science program

they would like to pursue. Each track contains the pre-requisites for the health science program identified, contained generally in the first two semesters.

Course maps and pre-requisites can be found below. By taking these initial steps, students can position themselves for success in their chosen health sciences career paths.

### Associate of Science Dental Hygiene Track

First Semester		Credits
<a href="#">BIO 1010</a>	Biology Foundations: Prep for Anatomy & Physiology and Microbiology	2
<a href="#">BIO 2101</a>	Human Anatomy & Physiology with Lab I: GT-SC1	4
<a href="#">ENG 1021</a>	English Composition I: GT-CO1	3
<a href="#">PSY 1001</a>	General Psychology I: GT-SS3	3
<a href="#">CHE 1009</a>	General, Organic, and Biochemistry	4
<b>Subtotal</b>		<b>16</b>
Second Semester		
<a href="#">BIO 2102</a>	Human Anatomy & Physiology II with Lab: GT-SC1	4
<a href="#">SOC 1001</a>	Introduction to Sociology I: GT-SS3	3
<a href="#">BIO 2104</a>	Microbiology with Lab: GT-SC1	4
<a href="#">COM 1150</a>	Public Speaking	3
<b>Subtotal</b>		<b>14</b>
Third Semester		
<a href="#">ENG 1022</a>	English Composition II: GT-CO2	3
