

DESIRE2LEARN: SPECIAL ACCESS TO A QUIZ

To give students special access, either for a documented accommodation or because you want to approve more time for just one student, use the Special Access feature located at the bottom of the Restrictions tab.

Warning: selecting the option “Allow only users with special access to see this quiz” means that no student will have access to the quiz unless you set up their access manually using the following steps. It is recommended that you leave the default selection as is (Allow selected users special access to this quiz).

The screenshot shows the 'Dates and Restrictions' configuration page. Key elements include:

- Status:** A dropdown menu set to 'Active'.
- Availability:** Options for 'Has Start Date' (11/25/2015, 11:57 AM, Now) and 'Has End Date' (12/2/2015, 1:57 PM, Now), both for 'United States - Denver'. There is also a 'Display In Calendar' checkbox.
- Additional Release Conditions:** Buttons for 'Attach Existing', 'Create and Attach', and 'Remove All Conditions'. A message states 'There are no conditions attached to this item.'
- Optional Advanced Restrictions:** A link to 'Expand optional advanced restrictions'.
- Timing:** Radio buttons for 'No Time Limit' (selected) and 'Enforce a time limit'. Below is a 'Recommended Length' of 120 minutes and a 'Show clock' checkbox.
- Special Access:** Radio buttons for 'Allow selected users special access to this quiz' (selected) and 'Allow only users with special access to see this quiz'. A button labeled 'Add Users to Special Access' is located below these options.

Red annotations in the image include:

- A box around 'No Time Limit' with the text: 'Select this option to have quiz available to everyone'.
- A box around the 'Add Users to Special Access' button with the text: 'Click here to set up special access to individual students'.
- Red arrows pointing from these boxes to their respective elements in the form.

Click “Add Users to Special Access” to give individual students special access to the quiz.

Set new start and/or end dates for the quiz and any changes to the enforced time limit. Then, select the student(s) who have been granted this extra time.

Be sure to click Add Special Access to save this work!
