

## COVID-19 CARES Plan for Community College of Denver

Initial Authorization of \$2,221,589.00

Revised 6/25/20

Through the Coronavirus Aid, Relief, and Economic Security (CARES) Act Sec. 18004. (Higher Education), on April 25, 2020, the Community College of Denver (CCD) received an initial authorization of \$2,221,589.00, required to be used only as direct grants to students to provide emergency relief aid for hardships due to the COVID-19 pandemic as they look to continue their education.

### Student Emergency Aid Distribution Process

This plan has been updated to provide current expenditures (through 6/24/20) for the federal CARES Act Student allocation. Please refer to [CCD CARES Act Reports](#) or a detailed summary of the Community College of Denver's distribution plan.

In May 2020, CCD devised a plan that would allow for pre-determined percentages to be allocated to students in four potential parts: Spring 2020 cash grants, Summer 2020 cash grants, fall 2020 cash grants and through emergency aid applications. The dollar amount of each award was determined by dividing each allocation by the number of enrolled eligible students.

<b>Total CARES Act Student Cash Funds: \$2,221,589</b>		
	<b>%</b>	<b>Original Allocation</b>
<b>Spring 2020 Eligible Students:</b>	50%	\$1,110,794.50
<b>Summer 2020 Eligible Students:</b>	20%	\$444,317.80
<b>Fall 2020 Eligible Students:</b>	20%	\$444,317.80
<b>Emergency Aid Applications:</b>	10%	\$222,158.90
<b>Total Budget:</b>		<b>\$2,221,589.00</b>

The spring 2020 cash-in-hand awards (\$207.59) were delivered in two phases. Phase 1 included the students with their eligibility already confirmed by having a completed FAFSA on file. Phase 2 included all non-FAFSA applicants with eligible citizenship statuses who confirmed their FAFSA eligibility through a survey. Students not maintaining Satisfactory Academic Progress (SAP) are not eligible for CARES Act funding and were excluded from the survey.

The summer 2020 cash-in-hand awards (\$203.07) were delivered in the same fashion as springs.

### Revised Allocation

It was unknown at the time of original allocation that a number of potentially qualified students would not respond to attempts to confirm "FAFSA eligibility". Multiple surveys were attempted through different delivery methods: text, email, Navigate pushed notifications and within the emergency aid

application. Due to the lack of response, a portion of Spring’s cash grant allocation was re-provisioned into the emergency aid application category.
